**SYRUP OF FIGS**  
NEVER IMITATED—QUALITY.  
THE EXCELLENCE OF SYRUP OF FIGS is due not only to the originality and simplicity of the combination, but also to the care and skill with which it is manufactured by scientific processes known to the CALIFORNIA FIG SYRUP CO. only, and we wish to impress upon all the importance of purchasing the true and original remedy. As the genuine Syrup of Figs is manufactured by the CALIFORNIA FIG SYRUP CO. only, a knowledge of that fact will assist one in avoiding the worthless imitations manufactured by other parties. The high standing of the CALIFORNIA FIG SYRUP CO. with the medical profession, and the satisfaction which the genuine Syrup of Figs has given to millions of families, makes the name of the Company a guaranty of the excellence of its remedy. It is far in advance of all other laxatives, as it acts on the kidneys, liver and bowels without irritating or weakening them, and it does not gripe nor nauseate. In order to get its beneficial effects, please remember the name of the Company.

CENTERTOWN, KY.

Feb. 1st.—Alvin Rowe and wife are on the sick list, suffering with the grip.

Mr. Tom Ball and Mrs. Jake Bennett are sick, but not in danger.

Mrs. L. C. Morton has about recovered from her recent illness.

Uncle James Igleheart, West Point, is dangerously ill at this writing.

Dr. G. F. Chapman was in Owensboro last week on business.

Our brass band boys have employed a Mr. Taylor to instruct them a short time in the use of their horns, and we are anxiously waiting for some good music.

Rev. Tom Morton is conducting a successful revival at Oak Grove. He will be home this week and likely assist Revs. Richardson and Miller in a revival at this place, which began on last Sunday.

Mr. Sam M. James has moved from here to Aunt Jane Tichenor's farm in the West Point neighborhood.

Now we are getting ready to see our man, R. C. Jarnagin, out on the warpath. We want him to come out and be a winner from start to finish. It is likely he can do us more good than any man that could be elected, having been in our legislative body once, he perhaps can a greater benefit to us in the next. Then we want and must have some plan hatched to defeat that blessed Goebel election law. We may be off of our base, but we thought the yoke of slavery was thrown off years ago, but it appears that we are drifting away from that form of government that is of the people, by the people and for the people. We will have it by and by.

**NO CURE—NO PAY.**  
That is the way all druggists sell GROVE'S TASTELESS CHILL TONIC for Malaria, Chills and Fever. It is simply iron and quinine in a tasteless form. Children love it. Adults prefer it to bitter, nauseating Tonics. Price, 50c.

His Life Was Saved.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from a frightful death. In telling of it he says: "I was taken with Typhoid Fever, that ran into Pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of Consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it, and now am well and strong. I can't say too much in its praise." This marvellous medicine is the surest and quickest cure in the world for all Throat and Lung Trouble. Regular sizes 50 cents and \$1.00. Trial bottles free at J. H. Williams' Drug Store, every bottle guaranteed.

A Canadian Invention.

Human genius having already made the nineteenth century the richest of the centuries in useful inventions is about to crown its labors with an achievement which, if successful will practically remove the oceans from between the continents, and make it possible for sport-loving Londoners to leave home at noon witness a prize fight in New York at night and return home for dinner next day. Frederick Knapp, a Canadian inventor, has been engaged for two years upon a water craft that will roll upon the surface of water like a barrel. Inventor Knapp recently gave an exhibition of his model before a number of capitalists who were so pleased with its workings that they at once put up unlimited capital for the purpose of building a huge sea-

**DISEASES THAT KILL**  
Consumption is a terror of the lungs. Certain complications make consumption incurable. Most cases of death from consumption are the direct result of neglected catarrh.

Pe-ru-na works harmoniously with nature to eject the tubercles from the lungs, and works so successfully that if there is a cure for consumption Pe-ru-na is the remedy. Read this letter from Mrs. H. A. Tyner, of Four Oaks, N. C., about her daughter, Mrs. L. Keene. She says: "Pe-ru-na Medicine Co., Columbus, O."

DEAR SIR:—"My daughter had every symptom of consumption—suppression of menses, night sweats and great emaciation. She was so low that none of our neighbors thought she could live. In May Mr. C. R. Adams, of this place, who had taken Pe-ru-na, told me if anything would help her Pe-ru-na would. I got a bottle of it and some rock candy and began giving it to her. During the first few days she was so weak she could only take a half teaspoonful at a time, but I gave it to her as often as she could bear it. In less than a week she could walk two hundred yards and back without resting; she kept getting stronger, and in twelve months she seemed to be as well as she ever was in her life. I feel, and so does every one that knew about her sickness, that Pe-ru-na saved her life. My daughter's name is Mrs. L. Keene."

**Narrows, Ky.**

**TO THE PUBLIC!**

We are now in the General Merchandise Business in earnest, and in truth. In these long fifteen years of experience we have, in a sense, just been preparing to sell goods. Now we are ready to sell and not only to sell but to sell right. If any one were to tell you that the best store house in Ohio county is at Narrows, you would not believe it did not the stubborn fact stare you in the face. Now, acknowledging this to be a fact, isn't it more reasonable to believe the best stock of goods is at Narrows? Certainly it is, for with the large and conveniently arranged and lighted house we have, and the long experience we have had in business enables us to take advantage of all the best and cheapest markets and to keep goods in as nice order as city houses. While we have all the advantages that city houses have, we have great advantages over them. They pay heavy city tax, we don't; they pay gas and electric light tax, we don't; (we own our lights). Many of them pay heavy rent, we don't; but rent houses to others. If a city house isn't going forward (dull times) they are going backward. We are holding our own and have no losses to make up. Now, with the best house and best stock in the country and with the above advantages over city houses, who can beat us? We have learned that if a man isn't at the top of his profession he isn't in the fight. Now we are on top and expect to stay there while God blesses us with health and strength. If you need goods and want the best possible value for your hard-earned cash, we certainly are fixed to accommodate you, for no man can undersell us and stay, for we have the business figured down to a fine point and when a merchant gets below us in prices (quality considered) he loses and if his prices are higher we get the trade. No doubt you can call to mind some that have gone both ways.

Below we give you a few of our paralyzing prices: Fair quality calico at 3c; the very best at 3 1/2c; good heavy yard wide factory cotton at 3 1/2c by the bolt; heaviest at 4 1/2c by the bolt; good bleached cotton, clear of starch, at 6 1/2c; good Creole Congress shoe at \$1; a good Creole Congress shoe at \$1, an extra good shoe of both styles at \$1.25. We have a nice line of dress goods of almost any kind, nice silks and braid trimmings. Also have a good line of Furniture and Stoves, and almost everything else and all at the very lowest possible living prices. No use going to the city now for nice goods, for we have them just as nice and cheaper. No trouble for us to sell goods now—No trouble to buy more, either. We will sell you the nicest and finest salt at \$1 a barrel. We'll sell you goods right and treat you right. If anything should come up that isn't right we'll make it right. We are here to sell goods and must sell them and will sell them, if low prices and good goods "spell" anything. Try us once. We mean what we say.

RESPECTFULLY,

**Renfrow Bros.**

going craft after Knapp's model. The new craft will be built 500 feet long and ninety six feet in diameter and will present the appearance of a huge water wheel revolving upon the water except that a large steel cylinder thirty-six feet in diameter will run the entire length of the wheel at the center. The cylinder or carrying capacity of the ship will not revolve, of course, with the outer mechanical device with the buckets for propelling the craft. The new craft meeting no water resistance will be able to attain a phenomenal speed estimated from one hundred to three hundred miles an hour.

Theseed of Mr. Knapp's craft compared with the present ships which must displace hundreds of tons of water at every stroke of their engines is like comparing the speed of a loaded wagon on a muddy road to a railroad train on a steel track. The new invention is attracting serious comment by the press, and should one-half of the inventors' expectations be realized, his invention would revolutionize ocean travel and international commerce, and be a fitting climax to the magical inventive triumphs of the century.

A Pathetic Story.

A pathetic incident occurred out in the Evening Shade neighborhood a few days ago. Little Allie Glade, the nine-year-old daughter of Mrs. Mollie Glade, died about four weeks ago. Allie possessed such a sweet, mellow voice that she was known for miles around as the song-bird of Evening Shade. A towering range of rocky hills broken here and there by a deep ravine, formed a crescent east of Allie's home, and often when she sang her mother stood upon the veranda and listened to her childish voice echoing back from the rocky cliffs. Saturday

morning Harvey Hall went up among the cliffs of the Glade hill to attend to his traps, and at the mouth of a cave he met Mollie Glade. Hall knew Mrs. Glade was crazy and his first impulse was to run away, but her gentle voice reassured him. "I have come up here to hear Allie's songs again," the woman said, her face aglow with some strange light human faces seldom show. "But Allie is dead. She's singing with the angels now," Hall said, his eyes aflush with tears. "But the echo," Mollie said. "It cannot die, it is lost among these caves."

Hall begged the woman to return to the house, but she replied: "No, no, the echo of Allie's music haunts the hills. I must hear her voice again. Perhaps it is on the other side, it has been so long." "Listen—no 'twas but a bird," and the deluded woman began again the tedious ascent of the rugged hill. High above him, Mollie paused, looked back and waved her hand and smiling said: "Won't it be sweet to hear Allie's voice again."

OAK GROVE, KY.

Feb. 1.—We are glad to see that Mr. R. C. Jarnagin has announced as a candidate to represent Ohio county. We believe that Mr. Jarnagin will represent the county the second term better than he did the first time.

We are glad to see that our County Attorney has notified the road overseers of Ohio county to fix the roads. That is right, Mr. Heavrin, bring them to time, because the roads are so bad in this vicinity they are almost impassable. Mr. Taylor has just closed his school

at Select. The people are well pleased with his teaching.

Miss Jennie King is teaching music in Grayson county.

Messrs. Tom Hoseny and W. A. Miller are attending school at Morgantown.

Bro. James Keown preached at the Christian church at Select Sunday.

Mr. Arthur Igleheart and wife, of McLean county, are visiting her mother, Mr. John A. King.

Mr. Reuben Norman, who has been sick for quite a while, is still no better.

Rev. J. V. Price will preach at Select the third Sunday in February.

Wishing the grand old REPUBLICAN a successful future, I am, W.

**Scrofula, a Vile Inheritance.**

Scrofula is the most obstinate of blood troubles, and is often the result of an inherited taint in the blood. S. S. S. is the only remedy which goes deep enough to reach Scrofula; it forces out every trace of the disease, and cures the worst cases.

My son, Charlie, was afflicted from infancy with Scrofula, and he suffered so that it was impossible to dress him for three years. His head and body were a mass of sores, and his eyesight also became affected. No treatment was spared that we thought would relieve him, but he grew worse until his condition was indeed pitiable. I had almost despaired of his ever being cured, when by the advice of a friend we gave him S. S. S. (Swiss Preparation). A decided improvement was the result, and after he had taken a dozen bottles, no one who knew of his former dreadful condition would have recognized him. All the sores on his body have healed, his skin is perfectly clear and smooth, and he has been restored to perfect health.

For real blood troubles it is a waste of time to expect a cure from the doctors. Blood diseases are beyond their skill. Swift's Specific.

**S. S. S. For the Blood**  
reaches all deep-seated cases which other remedies have no effect upon. It is the only blood remedy guaranteed purely vegetable, and contains no potash, mercury, or other mineral. Books mailed free to any address by Swift Specific Co., Atlanta, Ga.

Another Soldier Boy's Letter.

Matanzas, Cuba, Jan. 27.—Mrs. E. J. Hudson. Dear Mother: As I have not received a letter from you since I arrived here, I will write you. I am well satisfied, more than I thought I would be. We arrived here last Saturday morning at 7 o'clock safe. We were on the water 56 hours. The transport that we came on just finished unloading yesterday afternoon and departed for the United States last night. Some of the boys were wishing that they were on board going back. I do not want to come home yet, as I have just seen enough to make me want to see more. We are not faring as well as we did in the U. S., but one could not expect it.

Matanzas is quite a pretty place and once upon a time was a very fine city. We are camped right in the edge of the city. All the houses are built of rock and mortar and smoothly finished inside and out. These people have no window blinds to their windows. All the houses are built solidly together in blocks. The windows and doors are about 12 feet high and 4 1/2 feet wide. Each window is protected by iron bars in upright position. The doors are most all panel doors and made of very plain wood. The houses remind me of the old jail where Mr. Henry Griffin lives, as well as I can remember. The streets are about 30 feet wide. The sidewalks are about 3 1/2 feet, so it reminds one of going through the prison walls at a penitentiary. The people are very polite to us Americans. There are three kinds—the Spanish, Cuban and negro. The full blood Cuban is about the color of Dan Hines. The Spaniards are almost as white as we are, but have high cheek bones like an Indian. Of course there are some white Cubans.

There are some aristocratic people here as there are in the United States. They have their fine carriages and horses and wear the finest of silk, but when they come out they look as if they had stuck their head in a flour barrel. All the trouble is, we can't understand their language, nor they ours. I have learned a great deal since I left the United States and want to stay long enough to learn all their language. I can understand some of it already. Such words as man, dog, match and lots of words. They take a delight in trying to tell us. Of course they learn ours at the same time. They will sit down and take hold of our hat and say "Americano." They want us to tell them what we call it in American language and they will give the same in Cuban.

The land here is not like I expected it would be. I thought it would be sandy along the coast, but it is a very rocky country. It is said to have once upon a time been a burning volcano and all indications go to prove it, for the rocks are all just like honey comb and as hard as can be.

There is a large fort here, built in olden times by the very finest workmen. In fact all the buildings are the finest. They have no timber here. They take the rough rocks and build a wall as we would a rock fence and then fill it with mortar and when it is completed it looks like a solid stone wall. There are several stone buildings here of the very finest work.

The place where we are camped is tunneled three ways for a half mile for ways of escape. It was through these tunnels that the Spaniards made their escape when Sampson bombarded the city. It only required three shots to destroy the three forts here.

Well, our regiment will be split up in three battalions, the first goes to a little town named Union, the second to Cardenas, and the third, the one I belong to, goes to a town named Colon. The first leaves to-night, my battalion leaves to-morrow, and the second next day. From your son, A. L. HUDSON, Matanzas, Cuba.

Letter From Capt. Keown.

Mr. and Mrs. C. P. Keown received a letter from their brother, Capt. John G. Keown, Matanzas, Cuba, the gist of which is as follows: Clarence is on guard; he is well and enjoyed the trip fine. I never enjoyed anything better, didn't get a bit sea sick. The worst part of the trip was, I was on duty as officer of the day; kept me on four days. I didn't leave the ship with the company; had to stay on with a guard to keep the prisoners. The only trouble now is getting rations; have been on short rations since landing, in fact, we have gone almost a day without anything to eat. I went out yesterday and brought in about fifty pounds of bacon and didn't pay for it, either. I got it from Uncle Sam, but he wasn't present. If he don't want Co. D to get his meat, he must not leave it where we can find it when we are hungry.

But of all the pitiful things I have ever seen it is the Cuban children. They come in camp with cans and buckets and pick up the scraps that the soldiers leave. I am glad I came here and I am

willing to do anything to relieve these people. They just swim around camp and try to talk to us. We can make them understand us and can understand some things they say.

We leave here in a few days for Colon, about 75 miles from here, one battalion. Our regiment is divided in three stations. The town we go to has never seen any American soldiers. I suppose we will have a great time. It is an inland town.

We have green corn in camp. They plant it every month in the year. All kinds of good stuff growing green as June at home. J. G. KEOWN.

From a Soldier Boy.

Mr. and Mrs. M. S. Ragland received the following letter from their soldier son at Matanzas, Cuba:

Dear Father and Mother—I am now in Cuba. I like the place better than any place at which we have yet been camped. The weather is very warm. One cannot wear much clothing here. The Cubans go half naked.

We arrived here Saturday morning and landed the same evening. A great many of the boys got sea sick while we were on the ship, but I stood the trip without suffering any inconvenience whatever. I expected to get sick, but did not.

We can't understand the Cuban language at all, and they can't understand us.

Well, I will tell you something about this place. I have been over it a great deal. I walked about fifteen miles out into the country and I saw orange, banana, coconut and pine apple trees and lots of things that I knew nothing about. I could see where the Spanish destroyed houses. I went into one house where there was blood all over the floor where Spanish soldiers had killed Cuban children, slammed their brains out against the floor or chopped their heads off. I can tell you more about it when I get home. It is a shame the way the Spaniards did the Cubans. Answer soon. Yours truly, IRA RAGLAND, Co. D, 3d Ky. Vol. Infantry.

FRIDAY, FEBRUARY 10.

FOR REPRESENTATIVE.

We are about to announce Hon.  
R. C. Jarn, Jr., of Beaver Dam, as a  
candidate for the nomination for Rep-  
resentative, subject to the action of the  
Republican party.

Do you know that the editor of the  
Herald lives way back on Fox Alley?  
He does.

By due process of law the neck of  
William Miller, a negro rapist, was  
broken at LaGrange last Friday.  
Miller assaulted Mrs. Frank Leet near  
LaGrange, September 1 1898.

THE Owensboro Messenger says:

are numbered." Uncle Urey gave  
the Courier-Journal fits for making the  
same prediction about two years ago.

PROF. S. C. STEVENS, of the Beaver  
Dam Seminary, has assumed the re-  
sponsible duties of associate editor of  
the Beaver Dam Gleaner with Mr. Li-  
kens. Mr. Stevens' ability, energy  
and pluck will be a very valuable ad-  
dition to the Gleaner.

AGONCILLIO, Aginaldo's representa-  
tive in the United States, decided  
Saturday night about the time the en-  
gagement at Manila began that the  
war about Washington was too heavy,  
rather oppressive and dangerous, con-  
sequently he set about in the black-  
ness of the night his course to Canada.

Latest reports from Manila places  
the total casualties at 56 killed and 190  
wounded. The rebel loss is estimated  
at 2,000 killed, over 4,000 wounded  
and 6,000 to 8,000 prisoners. Ma-  
nila quiet and America successful, ev-  
erywhere. "The fighting qualities of  
American soldiers a revelation to all  
the inhabitants," says Otis.

GOVERNOR BRADLEY says he would  
not hold the Governor's office another  
term under prevailing conditions as a  
gracious gift. Continuing abuse in  
and out of his party, persistent annoy-  
ance by people seeking unusual favors  
and the clamor of trusts and corpora-  
tions for special favors, make the po-  
sition of Governor anything but pleas-  
ant.

EX-CONGRESSMAN STONE is out in a  
card for the Democratic nomination  
for Governor on a Bryan for 1900 and  
a 16 to 1 platform and opposes mak-  
ing the Goebel election law an issue  
in the approaching campaign. Most  
Democrats will endorse the last plank  
of Mr. Stone's platform, but the Re-  
publicans will attend to that part of  
the campaign.

MONDAY'S Commercial contained the  
elaborate dissenting opinion of Judge  
Guffy on the Goebel election law. It  
is an ably prepared document, setting  
forth in remarkable clearness the  
points wherein the law is unconstitu-  
tional. Every point made against the  
law is clearly sustained by the constitu-  
tion and backed up by sound, logical  
reasoning which cannot be refuted.

AS BETWEEN Goebel and Har-  
din the people believe that P. Wat-  
is the least of the two evils.—  
Breckinridge News (Dem.)

If there be any "least." But be-  
tween either and Judge Taylor in the  
final election the people will say unto  
the latter: "Thou hast been faithful  
in a few things, we will now crown  
thee and make thee ruler over many."

THE Hartford Herald in an article  
commending the Goebel election law  
says:

"We suggest to Mr. J. R. Wed-  
ding (member county board elec-  
tion commissions) that he write  
a card for his organ here telling  
all about the meanness and rascality  
of the Goebel election law."

Unnecessary, brother, South Trim-  
ble did that two months ago.

"The most august body in the  
world" ratified the peace treaty Mon-  
day afternoon by just one vote more  
than the necessary two-thirds major-  
ity. But for the battle at Manila Sat-  
urday night, in which the lives of  
thirty American soldiers were sacri-  
ficed to the spirit of lawlessness in-  
spired among the ignorant Filipinos by  
the speeches of ignorant United States  
Senators, the treaty would have failed  
of ratification by the Senate.

THE administration is contemplat-  
ing sending a squadron of American  
battleships, under command of Ad-  
miral Schley, on a cruise of European  
waters. The presence of Admiral  
Schley—xt to Dewey, the grandest  
hero of the Spanish war—command-  
ing a squadron of the battle-scarred  
steel monsters that destroyed the  
Spanish fleet at Santiago before the  
seaport cities of the old world would  
largely increase the respect of Europe  
for the western republic.

We have received a sample copy of  
the Los Angeles Times, a magazine  
published at Los Angeles, Cal. It is a  
beautiful and most excellent monthly  
magazine. It is devoted to the moral  
and social development of the great  
south-west. The January number  
gives a history of the marvelous de-  
velopment of southern California and  
especially describes the wonderful  
growth of Los Angeles. It should be  
read by every person desiring a west-  
ern home.

SATURDAY night about 8 o'clock a  
battle occurred between American  
soldiers and the Filipinos on the out-  
skirts of Manila. The fight was pre-  
cipitated by the insurgents and was  
kept up at intervals throughout the  
night and only closed when daylight  
came to enable the American soldiers  
to locate the Filipinos and drive them  
beyond the American outposts. The  
American loss was about thirty killed  
and one hundred wounded. More  
than three hundred Filipinos were  
killed and as many more wounded and  
taken prisoners.

THE Courier-Journal Company has  
added a very interesting and com-  
mendable feature to the daily Cour-  
ier-Journal, in the form of the Home  
Reading Circle. Beginning with Feb-  
ruary 15th the Home Reading Circle  
will discuss the Governments of the  
world of to day, popular studies in lit-  
erature, the world's great artists, pop-  
ular studies in European History and  
the World's Great Commercial Prod-  
ucts. This promise to be not only  
interesting, but very instructive and  
beneficial. It will be most excellent  
supplementary reading for teachers  
especially.

A STATEMENT recently issued by  
the State Banking Commissions of  
Michigan sets forth that the state  
banks and trust companies of that  
state at the close of business, Decem-  
ber 1, 1898, had resources aggregating  
\$106,069,058.88, as compared with  
the last previous report made Septem-  
ber 20, 1898. The statement shows in-  
crease in loans and discounts, stocks,  
bonds and mortgages of \$185,264.45,  
and in the savings deposited of \$1,428-  
134.75. The actual business of the  
country tells more emphatically than  
pen can tell, of its prosperity. A sure  
sign of prosperity and thrift is the con-  
stant flow of the people's earnings to  
banks of deposits.

THE Herald insists that the Goebel  
force bill is no longer a question of  
policy, but a branch of our organic  
law and that it is no use to kick  
against it. Just think how unfortu-  
nate for the South that the Herald  
man did not come on the scene in the  
early sixties. He need only have told  
Garrison and Phillips and Seward and  
Lincoln that slavery was a part of the  
organic law of the land to put these  
illustrious agitators on perpetual si-  
lence; how unfortunate for the witch  
burners of Massachusetts that they  
were denied the princely presence of  
the Herald man to tell the old fogies  
who opposed the practice that punish-  
ment for witchcraft was a part of the  
organic laws of the State and the  
sportive practice might have gone on  
forever. But then there is sometimes  
comfort amid calamity, and the Her-  
ald's brilliant philosophy will estop it  
from further kick against the "strick-  
ing down of silver," because it is no  
longer a policy, but a part of the or-  
ganic law of the land.

### PLAIN TRUTH.

The editors of THE REPUBLICAN are  
deeply sensible of the responsibilities  
of the duties of the position which  
they have assumed and fully conscious  
of the responsibility resting upon a  
public educator. The press is the pub-  
lic's school. The editor is the teacher  
and from that fountain flows alike the  
CLEAR and TURBID truth which, when  
assimilated, moulds the public mind  
and frames public thought and in-  
fluences public sentiment. In the light  
of this great truth the editors of THE  
REPUBLICAN accepted the trust, pledg-  
ing whatever ability they may have  
possessed and their manhood to the  
interest of truth and right as they are  
given to see it and there they stand to-  
day. The editor should have a  
higher respect for himself and the  
calling than such as will allow him to  
indulge in personalities with a con-  
temporary. We desire a higher sphere,  
we are pledged to move upon a higher  
plane in the journalistic field, further-  
more we are bound by every considera-  
tion of right, of justice to our asso-  
ciates, to our readers and ourselves and  
in obedience to conscience, we are  
bound to refrain.

Last week the editor of the Herald  
made the bold declaration uncalled for,  
unwarranted by truth, and unbecom-  
ing his station that "There is hardly  
a Republican holding office in Ken-  
tucky to day who is occupying his  
position by the full and free consent of  
the people. In almost every instance  
they got into office by force of accident  
and sharp manipulation of election  
returns," etc. As every sensible man  
well knows, it was wholly and entire-  
ly false, and we declared it a base mis-  
representation. When we did so he  
cried "mud slinging." The truth of  
the matter is, he slung the mud, but  
it rebounded and fell at his own door,  
hence his kicking.

In an article this week the same  
editor refers to THE REPUBLICAN as

pouring in upon him "a volley of abuse  
and billingsgate." We do not indulge  
in such, but in reply to his unmanly  
and slanderous charge upon Republi-  
can office holders in Kentucky, we  
used plain English and declared it to  
be basely false and still reaffirm the  
declaration.

Again, he refers to THE REPUBLICAN  
as "the mud mill down in Fox alley is  
always the first to belch forth its tirade  
of foul names and invectives." Such  
a reference, to say the least of it, is  
coarse and low and base and portrays  
upon its face the character of him who  
wrote it. It is uncouth, unbecom-  
ing the profession and unbecoming a  
gentleman.

### SMOKED OUT.

Until this week the Hartford Herald  
has treated this paper, since its change  
of management, very much like the  
Courier-Journal treated the Louisville  
Dispatch—with silent contempt—but  
in our last issue we made it so hot for  
the Herald man that he came out of  
his hole and gives us, in his recent is-  
sue, a two column ad.

The Herald last week made, as we  
thought, some unjust charges against  
Republican officeholders in Kentucky,  
to which we rejoined in a rather vig-  
orous style, but since that paper in  
Wednesday's issue makes ample apol-  
ogy by saying it was all a joke we in-  
vite him to come over to our wigwag  
and we will smoke the pipe of peace  
in brotherly love.

### "ITS RACE IS RUN."

At a meeting of the Baudana Club  
of Louisville, Tuesday night last, Mr.  
Wallace McKay, who was Presidential  
elector on the Bryan ticket from the  
Fifth Congressional District of Ken-  
tucky, made the following statement  
in regard to the Louisville Dispatch:  
"Mr. Chairman and Gentlemen: I  
deeply regret to see the downfall of  
the Dispatch. Its establishment was  
hailed with delight by the thousands  
of sturdy Democrats of Kentucky who  
believe in the principles of the Chica-  
go platform. I helped to conceive the  
Dispatch, was present at its birth and  
christened it with the name it now  
bears. I asked my friends to help it,  
and it is with a sense of shame that I  
face them now, since its editor has  
openly charged that it has betrayed us.  
It is now serving the devil in the  
livery of heaven. The people have lost  
faith in it and are daily repudiating it  
all over Kentucky. This paper which  
the people established as a defender of  
their rights and champion of their  
principles, now rests under a cloud of  
shame and disgrace, and Mr. Bryan  
himself has lost all faith and confi-  
dence in it.

"It still protests its loyalty, but  
when the opportunity comes it will  
put its poisonous fangs into the breast  
which warmed it into life. We should  
now brand it before it dupes others.  
Its doom is sealed—its race is run; its  
days were few and full of trouble, and  
it will, ere long, go down to an un-  
timely grave, with the curses of all  
good Democrats ringing in its ears,  
unwept, unhonored and unsung."

### STATE COLLEGE LETTER.

Lexington, Ky., Feb. 6.—If you  
think my little note would be of in-  
terest to your readers you may have  
the pleasure of publishing it.

This is the first Sunday in Febru-  
ary and it is a cold day. A thin sleet  
is on the ground. During the cold  
and lonesome hours of Saturday and  
Sunday I took a cranky notion that I  
would write a few lines to the Republi-  
can. I like the paper very well,  
having had access to it nearly all my  
life I feel a nearness to it that makes  
me want to uphold it.

I am very well pleased with the  
State College, but I can't get used to  
the roll call and inspection. It is a  
military school throughout. We  
have to drill every day, especially the  
new "greenhorn" like myself. The  
chief sport is putting newcomers on  
guard duty. The school is expecting  
to be sent to some important place in  
the State, toward the last of the  
school for a weeks encampment, an  
occasion to which we all look with  
pride to think that our old Common-  
wealth wants to show us something  
of her beauty and grandeur. Many  
moth Cave, Cumberland Gap and  
Ashland have been mentioned. I  
have an excellent view of the city  
from my window on third floor in Old  
Dormitory. I can see the Henry Clay  
Monument about two or three miles  
away.

I have just gotten my uniform and  
being a queer sort of creature I feel  
as proud of it as I did of my first  
pair of pants. I don't know how  
high I will step, but we have to wear  
standing collars and I will have to  
look high.

My buddy who came with me has  
measles, so has many of the students  
here. He has just called for some-  
thing to gnaw on and I, being an  
obedient nurse handed him the milk  
and crackers that had been provided  
for him. He is very well satisfied  
under the circumstances.

I have just been down to the Y. M.  
C. A. Hall to a lecture given by Mrs.  
Beauchamp, of this city. It was in-  
teresting throughout.

With best regards to the Republi-  
can and the citizens of Ohio county, I  
remain one of her students at Ken-  
tucky State College. SCHOOL BOY.

### LITERARY AND SOCIAL EVENTS.

MISS ATTIE AUSTIN, Editor.

The Hypathian Literary Society of  
Hartford College, a society of young  
ladies banded together for the purpose  
of mutual aid and literary advance-  
ment, was organized in 1893. Since  
that time its members have been en-  
gaged in a work collateral and nec-  
essary to the well rounded and com-  
plete college course. Just outside the  
domain of every institution of learn-  
ing there is a social and literary work  
which is absolutely necessary for the  
welfare of the people. The young  
ladies composing this body have at  
all times recognized the high purpose  
and aim upon which an organization  
of this kind should be founded. The  
good derived from this body of co-  
workers has ever been so eminent as  
to attract the best talent that has as-  
sembled about the halls of Hartford  
College. Year after year have they  
toiled and struggle, year after year  
have they sent out into the world,  
young ladies to do battle for them-  
selves, and at whom the active mem-  
bers of the to day gladly point the  
finger of pride. This year is no ex-  
ception to the years of the past; the  
most thoughtful, the most gifted, and  
those who are most interested in the  
training and polish of the immortal  
mind are to be found among the mem-  
bers of this society. The works of the  
past have crowned this society with  
honors, and each year has sent out  
from our midst young ladies who have  
been made complete in their commer-  
cial, social, and domestic relations in  
life from the fact that they were "Hy-  
pathians."

Though the night was dark and  
gloomy, brightness and merriment  
prevailed last Friday evening at the  
home of Miss Margaret Guenther,  
where the "Entre Nous" club was so  
charmingly entertained. Miss Aus-  
tin, the President, called the club to  
order at 7:30 o'clock and an interest-  
ing program was heard by attentive  
listeners. A newsy paper by Mr.  
Arthur Buskull, was very much en-  
joyed. After all business had received  
thorough attention, the Entre  
Nous was adjourned to meet Febru-  
ary 17, 1899, with Miss Annie L.  
Fogle. The social part of the meet-  
ing was enjoyed by each member and  
the charming hostess deserved many  
thanks for the pleasure she gave to  
her guests. The "Butterfly Contest"  
was a unique feature and handsome  
prizes were given to the successful  
contestants, Miss Fogle and Mr. W.  
D. Moore. At eleven o'clock the club  
was invited to the tastefully decorated  
diningroom, and there served to them  
a dainty lunch of salads, ham sand  
wiches, pickles, ices, cakes and coffee.  
As each guest departed bearing away  
a pretty little souvenir of the pleas-  
ant evening, there lingered in each  
mind a more lasting souvenir and  
each "good night" breathed a good  
wish for the hostess of the Entre  
Nous.

Mr. J. H. B. Carson, wife and  
daughter, Miss Mary Austin, gave  
quite a nice dinner to their relatives  
last Sunday. Those present were:  
Mr. John E. Bean and wife, Mr. A. E.  
Pate and wife and Miss Cora Bean  
their visitor, Mrs. Martha Ross and  
daughter, Miss Mayme, Mr. M. Bean  
and wife, Mr. Tom H. Bean, wife,  
son, Mr. Ira and daughters, Misses  
Elba and Bera and Rev. G. J. Bean.  
Turkey and all necessary "goodies"  
to complete a fine dinner were to be  
had and much time was spent of  
course in the dining hall.

The "Woman's Club" met with  
Mrs. J. S. Glenn. They meet to mor-  
row afternoon with Mrs. Rowan Hol-  
brook. This club has something of  
interest on foot, and will perhaps be  
announced in our next publication.

The "Hartford Girls Club" met  
with their Secretary, Little Miss Hat-  
tie Barnett, last Saturday afternoon.  
They report quite an enjoyable meet-  
ing.

### Women Should Know It.

Many women suffer untold agony  
and misery because the nature of their  
disease is not correctly understood.  
They have been led to believe that  
womb trouble or female weakness of  
some sort is responsible for the many  
ills that beset womankind.

Neuralgia, nervousness, headache,  
puffy or dark circles under the eyes,  
rheumatism, a dragging pain or dull  
ache in the back, weakness or bearing  
down sensation, profuse or scanty  
supply of urine with strong odor, fre-  
quent desire to pass it with scalding or  
burning sensation, sediment in it af-  
ter standing in bottle of common glass  
for twenty four hours, are signs of  
kidney and bladder trouble.

The above symptoms are often at-  
tributed by the patient herself or by  
her physician to female weakness or  
womb trouble. Hence, so many fail  
to obtain relief, because they are treat-  
ing, not the disease itself, but a re-  
flection of the primary cause, which  
is kidney trouble.

In fact, women as well as men are  
made miserable with kidney and blad-  
der trouble and both need the same  
remedy.

Dr. Kilmer's Swamp-Root is the  
great discovery of the eminent kid-  
ney and bladder specialist, and is easy  
to get at any drug store for fifty cents  
or one dollar.

To prove its wonderful merits you  
may have a sample bottle and book  
telling all about it, both sent abso-  
lutely free by mail. Kindly mention  
THE HARTFORD REPUBLICAN and  
send your address to Dr. Kilmer &  
Co., Binghamton, N. Y.

## Good Blood!

Your heart beats over one hun-  
dred thousand times each day.  
One hundred thousand supplies of  
good or bad blood to your brain.

Which is it?  
If bad, impure blood, then your  
brain aches. You are troubled  
with drowsiness yet cannot sleep.  
You are as tired in the morning  
as at night. You have no nerve  
power. Your food does you but  
little good.

Stimulants, tonics, headache  
powders, cannot cure you; but

**Ayer's Sarsaparilla**

will. It makes the liver, kidneys,  
skin and bowels perform their  
proper work. It removes all im-  
purities from the blood. And it  
makes the blood rich in its life-  
giving properties.

**To Hasten Recovery.**  
You will be more rapidly cured  
if you will take a laxative dose of  
Ayer's pills each night. They  
cure the sluggish liver and thus cure  
bileousness.

**Write to our Doctors.**  
We have the exclusive services of  
some of the most eminent physicians in  
the United States. Write freely all the  
particulars to your Doctor.

There is more Catarrh in this sec-  
tion of the country than all other dis-  
eases put together, and until the last  
few years was supposed to be incur-  
able. For a great many years doctors  
pronounced it a local disease, and  
prescribed local remedies, and by con-  
stantly failing to cure with local treat-  
ment, pronounced it incurable. Science  
has proven catarrh to be a constitu-  
tional disease, and therefore requires  
constitutional treatment. Hall's Catarrh Cure, manufactured by  
F. J. Cheney & Co., Toledo, Ohio, is  
the only constitutional cure on the  
market. It is taken internally in  
doses from 10 drops to a teaspoonful.

## PAINE'S CELERY COMPOUND

Never Failed to Cure Diseases  
of the Kidneys and Liver.

The profound and comprehensive  
investigations of Prof. Edward E.  
Phelps, the discoverer of Paine's cel-  
ery compound, have robbed disease of  
much of its alarming character.

Nature has provided in the liver a  
safeguard without which every one  
would die from the slightest impru-  
dence in diet. The blood loaded with  
poisons reaches the liver, the excret-  
ing function of that organ arrests  
them and they are thrown back to the  
bowels. This is the action of the  
healthy liver, but this perpetual over-  
work at last does what over functional  
activity does for other organs—im-  
pairs or destroys their excreting pow-  
er and opens the door to Bright's dis-  
ease and diabetes. Paine's celery  
compound enables the liver to work  
without tearing itself to pieces. It  
supplies nervous energy to the organ  
and prevents irritation. It purifies  
the blood and does not leave the body  
purifying task to one organ, whether  
liver, kidney or bowels. It obviates  
the collapse of any one of these or-  
gans, and prevents disease.

It not only regulates the nervous  
organization, but directly nourishes  
it; sends more and better blood to  
supply the wasted nervous tissues  
and takes the killing strain from the  
kidneys.

When pain appear in different parts  
to try it.

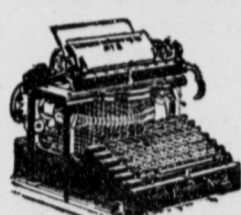

pressed, the use of Paine's celery com-  
pound will drive away the rheumatism  
pain or the fit of indigestion and cor-  
rect the failing appetite which keeps  
pace so closely with the digestive  
power.

Here is a heartfelt letter as it was  
written on Dec. 12 last by Mrs. Wil-  
liam Nelson, who is cashier of the  
Central Relief Committee of Chicago:  
"Gentlemen:—I have used Paine's  
celery compound several times for the  
past two years for liver and kidney  
trouble. I have swelled up and felt  
sick and bad. The doctor's medicines  
never helped me, but Paine's celery  
compound a'was did. There is noth-  
ing like it. It is splendid."

Nerve tension is disguised under a  
good many symptoms that induce  
thoughtless people to apply some use-  
less local remedy when the only last-  
ing relief will come from purified  
blood, kindneys aroused to work,  
stomach secreting abundance of di-  
gestive juices and a toned up state of  
the nerves. For this there is no need  
of further proof as to the value of  
Paine's celery compound than can be  
furnished by the reader's own neigh-  
bors if you will take the pains to  
make inquiries. The best test of the  
value of Paine's celery compound is  
to try it.

## Hartford Republican.

FRIDAY, FEBRUARY 10.

Field's 'bus meets all trains at Beaver Dam.

Mr. H. C. Powers, of Narrows, was in town Monday.

One set of chairs, with cane seat, for \$2.00 at Carson & Co's.

For any and all kinds of plows call on Henry Field & Son.

FOR SALE—A thoroughbred jersey bull calf. Apply at this office. 27.

Henry Field & Son have a few more disc harrows for sale cheap.

Photographer Taylor will make pictures in Hartford every Monday.

We will sell you a good oak suit of Furniture for \$15. CARSON & CO.

Mr. Lewis Rogers, of Rockport, made THE REPUBLICAN a pleasant call while in town Monday.

According to a private letter from Leitchfield, there are now 250 cases of measles in and around that town.

Call on Z. Wayne Griffin & Bro., when you desire to get the very best, up-to-date, kitchen garden seed, of the celebrated Buist's brand. 32

All accounts due on subscription were transferred by Mr. Anderson to the present managers who will gratefully receive the same when tendered.

Rev. D. J. K. Maddox and bride, of Rockport, Ky, visited Dr. and Mrs. J. S. Coleman this week. Mr. Maddox is a Baptist minister.—Greenville Tribune.

Mr. Geo. M. Westerfield and Miss Bertha Taylor were united in matrimony by Rev. Jo T. Taylor at the residence of the bride near Buford yesterday evening.

Field & Son have secured an extra stable and now have ample room to accommodate all their customers. The politest attention and the best of feed for your horses.

Schroeter, the leading Green river Photographer, is now at Hartford. Call and see his work. His Photo Buttons are the fads of the day, also his Photos are finer than ever.

We will receive another shipment of Calicoes and Apron Checked Gingham to day and have decided to continue the sale at 3 1/2c until the 15th of February. CARSON & CO.

WANTED—Three good first-class agents to canvass and solicit orders for enlarging portraits at Schroeter's Floating Studio. Call on or address at once, H. O. Schroeter, Hartford, Ky. 28

Leave your horse at Field's stable when in town.

Henderson has several cases of cerebro-spinal meningitis or "spotted fever." The cases are scattering and the disease is not in an epidemic form.

Wednesday night was the coldest experienced in years. The mercury ran down to 14 degrees below zero. In the Northern part of Wisconsin it fell to 50 below.

Mrs. Julia Renfrow is visiting her daughter, Mrs. Dr. Wedding, this week. Mrs. Renfrow goes from here to Petersburg, Indiana, to visit her brother, Dr. Grigsby, of that place.

The coal miners of Taylor Mines are out on a strike. We have been unable to learn the cause of the trouble, but understand that it was dissatisfaction among the boarders at the hotel.

Morgantown, Feb. 8.—There are no new developments in cerebro-spinal meningitis, except the death of the child of Al Thomas. There are no other cases in town. Everybody is more hopeful of an early cessation of the dreaded disease and an early return of business to a normal condition.

We have just received a carload of Plows, Harrows, Cultivators and Drills of the best make to be had and are prepared to save you money on all kinds of machinery. Call and see us before buying. Agents for McCormick's, the King of harvesting machinery. HENRY FIELD & SON.

Mr. Henry Taylor, of near town, lost his little six year old son last Saturday with croup. The remains were taken to Liberty Sunday for interment. The little fellow was a very bright youth, and his loss weighs heavily upon his parents. The REPUBLICAN extends to the heart broken parents deepest sympathy.

Another column of the REPUBLICAN of this issue contains the law card of Mr. S. P. Roby, of Fordville. Mr. Roby is one of the oldest members of the Hartford bar, and is a successful attorney. His age and knowledge of the law make him a safe counselor. He is strictly honest and any person desiring legal advice would make no mistake in engaging him.

THE REPUBLICAN is in receipt of a letter from the State Board of Health, which warns the people to guard against the plague of smallpox by vaccination, and calls the special attention of the town and city authorities to watch tramps and straggling negroes, as almost the entire list of cases reported are from among the colored people. The full text of the letter will be published next week.

Farming implements of all kinds, for sale by Henry Field & Son.

We sell one yard wide factory cotton at 4c, one yard bleached 5c, extra good bleached 8c and the best at 10c, also sell clothing and hats cheaper than anybody, also take corn, feathers and eggs in exchange. Don't fail to see us when in need of anything in our line. CARSON & CO.

Mr. A. S. Bennett, one of the Ohio county's most successful and popular teachers, and who was for some time connected with this paper, has entered the Bryant & Stratton Business College at Louisville. Mr. Bennett is a young man of more than ordinary ability and will soon be an important member of the world's progress.

In another column of the REPUBLICAN will be found the law card of Mr. Shelby Taylor. Mr. Taylor is well known as one of the ablest attorneys at the Hartford bar. His reputation as a lawyer is a recommendation sufficient. He is a man of determination, energetic and untiring, prompt in attending to business entrusted to his care and strictly honest. Anyone having legal business would make no mistake in securing his service.

Mac Griffin shot and dangerously wounded Newt Greer at a distillery near Whitesville last Friday. They were gambling and it appears from reports had had some trouble previous to the shooting. Both men were armed with pistols. The first ball struck the handle of Greer's pistol, but the two succeeding shots passed through his left lung. Griffin surrendered and was lodged in the Owensboro jail. It is thought that Greer will recover.

Mr. Wm. T. Hunter died at his home, near Smallhous, January 21. He had been an invalid for three years, the greater portion of which period he was confined in bed. Mr. Hunter was about 73 years old having been born March 22, 1826. He had long been a consistent member of the Methodist church and was in every sense of the term a noble christian man. The community sustains in his death an irreparable loss, the church a most faithful member, the family a kind and indulgent father. Heaven gains a treasure.

Lewis Tinsley, of color, died at his home seven miles north of town, the 4th inst. He was one of the oldest men in Western Kentucky, having reached 98. He was born in Virginia, in 1801, and came west in 1837 with Mr. Woodbury Tinsley's grandparents, to whom he belonged. He was a slave until 1864 when he entered the union army. He served till he was mustered out in '66. His mother lived to be 105 years old. He had a distinct recollection of the battle of New Orleans, fought February 8, 1815, and delighted in telling of his "Gen'l Jackson whip'd de British."

Henry Brown, Granville Brown, James Withrow and Charles Bard were defendants in a prosecution before Judge Miller here last Monday that lacks a parallel in Ohio county jurisprudence. According to the testimony of the defendants, a holiness preacher established a new church a few years ago, near Hogs Falls on Green river, which had no connection with other churches, and a special discipline was gotten up for its government. Dissension arose and the defendants with others withdrew from the original church and organized a separate body known as the "Holy Band." The "Band" is distinguished from the original body by its opposition to "tithes," and some other minor matters of discipline and by the novel and extraordinary demonstrations of its members when engaged in worship. Some time ago the defendants attended a service of the parent body and took a rather vigorous interest in the meeting, which action was the occasion of the prosecution by parent holiness church on a charge of disturbing public worship. The defendants were acquitted.

## COLLEGE NOTES.

Miss Mattie Pirtle visited Miss Bertha Riley Saturday and Sunday. The Adelpheans have a new bulletin board in the Chapel Hall for the benefit of friends and members.

Mrs. J. S. R. Wedding was a welcome visitor at the College Monday morning.

Miss Lizzie Miller has been bed several days on account of sickness.

Miss Stella Wedding Whitesville and Mr. Pendleton, of town, were enrolled this week as students.

Mr. W. S. Young who visited relative in Muhlenburgh county Saturday Sunday, returned Monday afternoon ill with grippe.

All those who are taking the Teacher's Course are preparing to enter the examination Thursday and Friday as they realized the benefit which it will do to them.

Friday morning the school was favored by an address from Judge Miller. His remarks were appreciated by all as he delivered them in his usual pleasing style. We hope to have his cheering voice with us again.

## Not Quite Sure.

"Do you think bachelors ought to be taxed?" some one asked. "I'm not quite sure yet," she answered dreamily. "Give me another week, and maybe I'll be able to land him without any outside help."—Chicago Post.

# ROYAL BAKING POWDER

ROYAL BAKING POWDER CO., NEW YORK.

## BEAVER DAM, KY.

Feb. 8.—Rev. Newton filled his regular appointment at this place Sunday.

Mrs. Sophia Ferguson and Miss Johnnie Ferguson, of Island, are visiting Mr. and Mrs. D. A. Miller at this place.

Miss Beniah Coots, who has been teaching during the past five months near Whitesville, returned home Saturday night.

Miss Aurora Storms, of Westerfield, was in our midst Sunday and Monday. Mr. J. Will Cooper has been confined to his room for several days with grippe.

Mr. and Mrs. C. M. Stevens have been quite sick for several days with grippe.

Dr. Taylor's mother has been quite sick for several days and is still very sick at this writing.

Miss Katie Pierce, who is in school here, visited her parents at Rosine Saturday and Sunday.

Mr. Ben Chinn, of Liberty neighborhood, is now confined to his bed with lung trouble and his recovery is very doubtful.

Richard Crowe, the youngest son of Mr. and Mrs. Henry Taylor, of the Goshen neighborhood, died Saturday of croup. He was buried at Liberty Sunday afternoon.

Several students have been absent from school for a few days on account of grippe.

Mr. T. S. Greer, of Beda, entered school here Monday.

A SUBSCRIBER.

## WASHINGTON CONQUERED.

Grip Takes the City in Its Iron Grasp.

Government Machinery Almost at a Standstill.—Enormous Percentage of Employees Stricken With Grippe.—Capital at the Mercy of the Plague.

The grip epidemic is raging in the Capital City, and fully one-third of the government employees are sick or suffering from the dread disease. Violent headaches, fever and chills, sneezing and running at the eyes and nose together with the bone racking aches and pains and a general exhaustion are the rule rather than the exception. The best way to fight the Grip is to strengthen the nerves and build up the resistive powers so as to throw off the deadly disease germs, and nothing will do this so quickly and surely as Dr. Miles' Nerveine. It has restored health to thousands of Grip sufferers after every other remedy had failed.

"When the Grip left me I was a broken down wreck, both mental and physical. My nerves were completely unstrung, my appetite failed, could not sleep and became so despondent that I despaired of ever getting well. I began to improve with the first bottle of Dr. Miles' Nerveine and when I had taken seven bottles I was completely cured. Have been strong and well ever since and weigh more than I ever did before."

Samuel F. Pilson, Staunton, Va. All druggists are authorized to sell Dr. Miles' Nerveine on a guarantee that first bottle benefits or money refunded. Be sure and get Dr. Miles' Nerveine. Booklet on heart and nerves sent free. Address, Dr. Miles Medical Co., Elkhart, Ind.

## Squire Render Dead.

January 30th, was a sad day for McHenry and vicinity. The spirit of one of her noblest sons, in the person of Esq. R. T. Render, took its flight from earth to the eternal home of the blest. Esq. Render was well known throughout the county, and his many friends will receive the sad news with the deepest sorrow. He served as Justice of the Peace from 1886 to 1894, and during that period made
